- soap- and alkali-free
- skin neutral pH value
- perfume- and fragrance-free
- HACCP-compliant
- BLUE ANGEL environmental label and EU Ecolabel for 1000 ml Neptune Bottles and 2000 ml Collapsible Bottles

PRODUCT PROPERTIES / APPLICATION AREA:

ECOSAN® is a cleansing syndet (synthetic detergent) which is free from perfume, fragrances and colorants. Since it is HACCP-compliant, ECOSAN® is also suitable for the food industry. ECOSAN® is a soap- and alkali-free syndet for thorough and gentle skin cleansing in case of removing light dirt. Similar to the human skin, the product has a slightly acid pH value. The high-quality surfactants in ECOSAN® have excellent skin compatibility. ECOSAN® in 1000 ml Neptune Bottles and 2000 ml Collapsible Bottles have been awarded the BLUE ANGEL environmental label as well as the EU Ecolabel.

APPLICATION:

Apply ECOSAN® evenly on the moistened skin. For normal dirt, a small amount is sufficient. Rinse off with plenty of water and dry hands thoroughly. A proportional bigger amount has to be used in order to clean the entire body.

Please have a look at the video "Applying Skin Cleansers":

<https://www.youtube.com/watch?v=26t0umkdoFI&t=3s>

PRODUCT DESCRIPTION:

Transparent skin wash, colorant-free, soap- and alkali-free, skin neutral pH value, perfume- and fragrance-free, vegan.

PRODUCT EVALUATION SHEET:

A product evaluation sheet can be downloaded from <https://www.pgp-hautschutz.de/en/downloads/test-sheets> or is available on request.

DERMATOLOGICAL COMPATIBILITY:

ECOSAN®'s dermatological compatibility has been carefully tested and proven. A printed certificate is available.

PRODUCT QUALITY:

The product is manufactured according to GMP (GOOD MANUFACTURING PRACTICE) requirements. The bacteria count is microbiologically tested on a regular basis and is under 100 bacteria per gram.

FIRST AID:

If ECOSAN® accidentally gets into your eyes, rinse immediately with plenty of lukewarm water. If a burning sensation still persists, consult an eye doctor as measure of precaution.

STORAGE INSTRUCTIONS:

ECOSAN® will keep for at least 30 months (from date of manufacture) if stored unopened at room temperature in the original packaging. The Period After Opening (PAO) is indicated on each tube / bottle.

ECOSAN®

Neutral cleansing syndet, also suitable for the food industry.

ORDERING DATA:

200 ml Tube:

Art. No. 13897024

12 x 200 ml Tube = 1 PU¹⁾

500 ml Hard Bottle:

Art. No. 13897015

12 x 500 ml Hard Bottle = 1 PU¹⁾

1000 ml Neptune Bottle:

Art. No. 13897004

6 x 1000 ml Neptune Bottle = 1 PU¹⁾

1000 ml Hard Bottle:

Art. No. 13897005

10 x 1000 ml Hard Bottle = 1 PU¹⁾

1000 ml Collapsible Bottle:

Art. No. 13897033

6 x 1000 ml Collapsible Bottle = 1 PU¹⁾

2000 ml Collapsible Bottle:

Art. No. 13897003

6 x 2000 ml Collapsible Bottle = 1 PU¹⁾

5 L Canister:

Art. No. 13897022

1 x 5 L Canister = 1 PU¹⁾

1) PU = packaging unit

Suitable DISPENSING SYSTEMS:

Dispenser VARIOMAT M

(made of sturdy high-quality steel):

Art. No. 12938004

for 1000 and 2000 ml Collapsible Bottle

Dispenser NEPTUNE STANDARD

(made of plastic):

Art. No. 13827001

for 1000 ml Neptune Bottle

Dispensing Pump for 500 ml Bottle:

(made of plastic):

Art. No. 13981001

Extract from our dispenser range.
