- perfumed or fragrance-free
- fragrance-free: HACCP compliant

Healthy Skin. Safe Work.

GREVEN® LOTION D / LOTION D PURE

Application Area

GREVEN® LOTION D has been developed for the care and the regeneration of stressed skin and is suitable for normal to dry skin types.

Product Description

GREVEN® LOTION D is based on an oil-in-water emulsion. It is medium greasy, absorbed quickly and it does not leave an annoying greasy film on the skin. Moreover, the product is vegan and free from silicones.

Product Properties

- Skin stressed by the environment and by influences at the workplace is damaged due to a loss of moisture and lipid substances. This kind of permanent damage can only be compensated to a certain degree by the skin's natural regeneration capacities. As a result, skin damage and premature ageing of the skin can be observed.
- GREVEN® LOTION D protects against this work-related skin ageing and provides the skin with moisture and lipids. Additionally, the skin is treated with moisturizing allantoin.
- GREVEN® LOTION D contains panthenol which has an anti-inflammatory effect and supports the healing of wounds.
- GREVEN® LOTION D PURE is HACCP compliant and, thus, it is especially suitable for the food industry.

Composition according to INCI

AQUA, CETEARYL ALCOHOL, PROPYLENE GLYCOL, ISOPROPYL PALMITATE, CETEARYL ETHYLHEXANOATE, PHENOXYETHANOL, PANTHENOL, ALLANTOIN, MYRISTYL ALCOHOL, CETEARETH-12, CETEARETH-25, HYDROXYACETOPHENONE, SODIUM LAURETH SULFATE, (PARFUM).

Application

Apply GREVEN® LOTION D after work on the previously cleaned and thoroughly dried skin. Spread the cream evenly and carefully, pay particular attention to vulnerable areas such as between the fingers and around the nails. The cream is also suitable for facial application. The product should not get into the eyes.

Certificate of Dermatological Compatibility

The dermatological compatibility of GREVEN® LOTION D has been carefully tested and proven. A printed certificate is available.

Coating Compatibility

The Fraunhofer Institute for Manufacturing Engineering and Automation confirms the general coating compatibility of GREVEN® LOTION D.

Statutory Regulations

GREVEN® LOTION D is subject to the Regulation (EC) No 1223/2009 on cosmetic products. Further details on handling the product can be obtained from the Group Data Sheets for skin products (for occupational use).

Halal and kosher requirements:

To the best of our knowledge, the ingredients of GREVEN® LOTION D contain neither raw materials of animal origin nor ethanol (excluding unavoidable contamination).

Storage Instructions

The product will keep for at least 30 months (from date of manufacture) if stored unopened at room temperature in the original packaging. The Period After Opening (PAO) is indicated on each tube / bottle.
