- contains scrubbing agents made of olive seed powder
- solvent-free
- lipid-balancing
- adapted to the natural pH value of the human skin
- soap-free
- perfumed

Healthy Skin. Safe Work.

 **GREVEN®**

Application Area

GREVEN® SOFT G is especially suitable for the removal of medium and heavy dirt e.g. from grease, oil, metallic dust, graphite or soot, which cannot be removed with a hand cleanser not containing abrasive agents.

Product Description

GREVEN® SOFT G is a hand cleanser containing natural scrubbing agents made of olive seed powder. The product is free from soaps or solvents.

Product Properties

- GREVEN® SOFT G cleans the skin quickly and effectively.
- The cleansing effect of the product is supported by natural, bio-degradable olive seed powder, which in its grain structure and grain fineness is especially adapted to this use. Because of its low specific weight, blockages of drains and pipes are not to be expected.
- The rape seed oil contained supports the cleansing power of the product and helps to prevent skin irritation due to its lipid-balancing effect.
- The pH-value of the product has been adapted to the natural acid mantle of the human skin, which in its functions is not affected by the product.

Composition according to INCI

AQUA, OLEA EUROPAEA SEED POWDER, SODIUM LAURETH SULFATE, SODIUM COCO-SULFATE, BRASSICA CAMPESTRIS SEED OIL, SODIUM CHLORIDE, OLEIC ACID, COCO-GLUCOSIDE, GLYCERYL OLEATE, SODIUM CITRATE, XANTHAN GUM, SODIUM BENZOATE, POTASSIUM SORBATE, CITRIC ACID, PARFUM.

Application

Apply GREVEN® SOFT G evenly on the dry skin. Continue washing adding little water. Rinse off with plenty of water and dry hands thoroughly. If the product gets into the eyes, rinse thoroughly with plenty of water.

Certificate of Dermatological Compatibility

The dermatological compatibility of GREVEN® SOFT G has been carefully tested and proven. A printed certificate is available.

Ecology

The surfactants used fulfill the requirements of easy biological degradability as they are determined in the Regulation (EC) No 648/2004 on detergents. The laboratory testing of surfactants in the context of this regulation is based on the "Confirmatory Test" procedure of the OECD method.

Statutory Regulations

GREVEN® SOFT G is subject to the Regulation (EC) No 1223/2009 on cosmetic products. Further details on handling the product can be obtained from the Group Data Sheets for skin products (for occupational use).

Halal and kosher requirements:

To the best of our knowledge, the ingredients of GREVEN® SOFT G contain neither raw materials of animal origin nor ethanol (excluding unavoidable contamination).

Storage Instructions

The product will keep for at least 30 months (from date of manufacture) if stored unopened at room temperature in the original packaging. The Period After Opening (PAO) is indicated on each tube / bottle / canister.
