

NEPTUNE STANDARD

Universal Dispenser for 1000 ml Neptune Bottles

Description

Plastic dispenser with 5-in-1 technology: reliable dispensing of liquid soaps, foam, spray, alcohol gel and hand cleansers.

- made of plastic
- available in black or white
- completely hygienic system as there is no contact between product and dispenser
- sturdy design
- optionally lockable
- drip tray available on request
- also available as lockable, touch-free version

Application

Universal dispenser suitable for all skin-protection, skin-cleansing and skin-care as well as disinfection products in PGP's 1000 ml Neptune Bottles.

Product Information

The NEPTUNE dispenser system offers the following advantages:

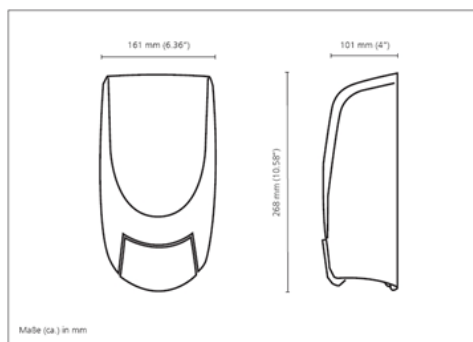

- ✓ easy loading
- ✓ ideal dosage
- ✓ good emptying
- ✓ maximal hygiene since there is no contact between the product and the dispenser

The flexible, universal dispenser is suitable for all types of products – for skin-protection, skin-cleansing and skin-care products as well as for disinfectants.

The NEPTUNE dispenser system is easy to load and refills can be exchanged without much effort. The appropriate valve is part of each bottle. Since the valve is replaced with each refill, creams, lotions, gels and foams are always dispensed ideally and hygienically.

Dimensions

width: approx. 161 mm, height: approx. 268 mm, depth: approx. 101 mm

Packaging

The dispenser NEPTUNE STANDARD is available as single unit in a cardboard box, incl. wall mounting material.
