

## NEPTUNE TOUCHLESS STAINLESS STEEL

Touch-Free Universal Dispenser for 1000 ml Neptune Bottles

### Description

Dispenser with 5-in-1 technology: reliable dispensing of liquid soaps, foam, spray, alcohol gel and hand cleansers containing scrubbing agents.

- casing made of satin stainless steel with permanent anti-fingerprint coating
- automatic, touch-free handling
- completely hygienic system as there is no contact between product and dispenser
- sturdy design
- lockable
- adjustable dispensing frequency (1 - 3 times)
- drip tray available on request

### Application

Universal dispenser suitable for all skin-protection, skin-cleansing\* and skin-care as well as disinfection products in PGP's 1000 ml Neptune bottles.

\*For liquid heavy-duty hand cleansers in 1000 ml Neptune bottles we recommend to use the NEPTUNE STANDARD DISPENSERS only. When using the NEPTUNE TOUCHLESS DISPENSERS a faster battery drain is to be expected.

# Product Information

The NEPTUNE dispenser system offers the following advantages:

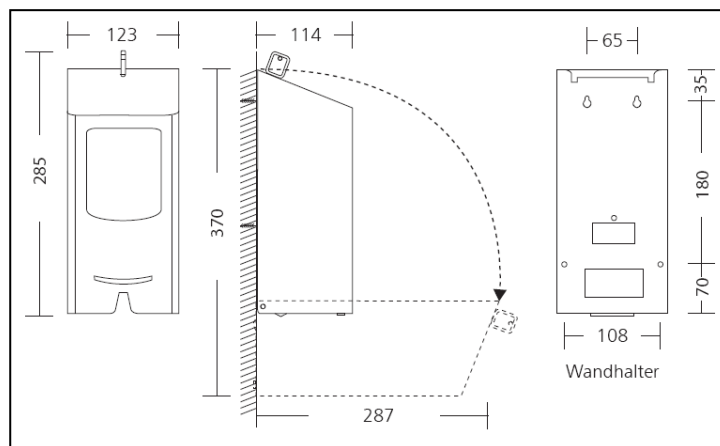

- ✓ easy loading
- ✓ ideal dosage
- ✓ good emptying
- ✓ maximal hygiene since there is no contact between the product and the dispenser

The flexible, universal dispenser is suitable for all types of products – for skin-protection, skin-cleansing and skin-care products as well as for disinfectants.

The NEPTUNE dispenser system is easy to load and refills can be exchanged without much effort. The appropriate valve is part of each bottle. Since the valve is replaced with each refill, creams, lotions, gels and foams are always dispensed ideally and hygienically. The dispensing frequency is adjustable from 1 to 3 times.

## Dimensions

width: approx. 123 mm, height: approx. 285 mm, depth: approx. 114 mm

## Packaging

The dispenser NEPTUNE TOUCHLESS STAINLESS STEEL is available as single unit in a cardboard box, incl. wall-mounting material. For using the touch-free dispenser, 4 batteries (Type C, 1,5V) are needed, which are NOT included in the delivery.
