

**EU Ecolabel:
DE / 030 / 115**

- OW emulsion containing urea, panthenol and bisabolol
- lamellar emulsion base
- absorbed quickly
- slightly greasy
- without mineral oil
- silicone-free
- perfumed or perfume- and fragrance-free
- HACCP-compliant (fragrance-free)
- EU Ecolabel for 1000 ml collapsible bottles

PHYSIODERM® CUREA / CUREA PURE

Moisturizing skin care cream for strongly stressed and dry skin

PHYSIODERM® CUREA / CUREA PURE

Moisturizing skin care cream for strongly stressed and dry skin

perfumed

perfume- and fragrance-free

- O/W emulsion containing urea, panthenol and bisabolol
- lamellar emulsion base
- absorbed quickly
- slightly greasy
- without mineral oil
- silicone-free
- perfumed or perfume- and fragrance-free
- HACCP-compliant (fragrance-free)
- EU Ecolabel for 1000 ml collapsible bottles

PRODUCT PROPERTIES / APPLICATION AREA:

PHYSIODERM® CUREA cares for sensitive and occupationally stressed skin. Due to the naturally moisture-binding ingredient urea and the skin care substance bisabolol, PHYSIODERM® CUREA supports the regeneration process of previously damaged skin. The care cream additionally contains the moisture-binding and anti-inflammatory skin care substance panthenol. PHYSIODERM® CUREA has a highly efficient and lasting skin care effect. The cream is absorbed quickly and is also suitable for nail care. Moreover, the cream enhances the skin's water-holding capacity, it supports the regeneration of the skin's natural protective layer and it makes the skin smooth.

The chemical composition and physical properties of the **lamellar cream base** of PHYSIODERM® CUREA make it **ideal for skin care**. The low wash-out effect of lamellar cream bases - compared to typical O/W emulsions - means that the skin's own barrier structure with its characteristic composition is largely preserved, especially in case of occupationally stressed skin. PHYSIODERM® CUREA is able to support the regeneration process when the skin is confronted with attrition dermatitis or eczema. PHYSIODERM® CUREA PURE (perfume- and fragrance-free version) can be used safely for personal hygiene in the food industry in consideration of the respective application instructions.

APPLICATION:

After work, apply PHYSIODERM® CUREA carefully on the clean and dry skin. Rub in the cream evenly, paying particular attention to vulnerable areas such as between the fingers and around the nails. The product should be dosed carefully in order to avoid excessive use.

Please have a look at the video "Applying Creams":
<https://www.youtube.com/watch?v=TJ-ynm-EPlo&t=6s>

PRODUCT DESCRIPTION:

Light beige, slightly greasy and quickly-absorbed cream. O/W emulsion. Silicone-free, adapted to the pH value of human skin, without mineral oil. Perfumed or perfume- and fragrance-free.

PRODUCT EVALUATION SHEET:

A product evaluation sheet can be downloaded from <https://www.pgp-hautschutz.de/en/downloads/test-sheets> or is available on request.

DERMATOLOGICAL COMPATIBILITY:

PHYSIODERM® CUREA's dermatological compatibility has been carefully tested and proven. A printed certificate is available.

COATING COMPATIBILITY:

The Fraunhofer Institute for Manufacturing Engineering and Automation confirms the general coating compatibility of PHYSIODERM® CUREA.

PHYSIODERM® CUREA / CUREA PURE

Moisturizing skin care cream for strongly stressed and dry skin

ORDERING DATA:

PHYSIODERM® CUREA

20 ml tube:

Art. No. 14382003

50 x 20 ml tube = 1 PU¹⁾

100 ml tube:

Art. No. 14382001

24 x 100 ml tube = 1 PU¹⁾

1000 ml collapsible bottle:

Art. No. 14382002

6 x 1000 ml collapsible bottle = 1 PU¹⁾

1000 ml Neptune bottle:

Art. No. 14382004

6 x 1000 ml Neptune bottle = 1 PU¹⁾

PHYSIODERM® CUREA PURE

20 ml tube:

Art. No. 14383008

50 x 20 ml tube = 1 PU¹⁾

100 ml tube:

Art. No. 14383001

24 x 100 ml tube = 1 PU¹⁾

500 ml pump bottle:

Art. No. 14383007

12 x 500 ml bottle = 1 PU¹⁾

1000 ml collapsible bottle:

Art. No. 14383002

6 x 1000 ml collapsible bottle = 1 PU¹⁾

1000 ml Neptune bottle:

Art. No. 14383002

6 x 1000 ml collapsible bottle = 1 PU¹⁾

1) PU = packaging unit

Suitable DISPENSING SYSTEMS:

[Dispenser VARIOMAT ECO](#)

(plastic dispenser):

Art. No: 13447003

for 1000 or 2000 ml
collapsible bottles

(Extract from our dispenser range.

PRODUCT QUALITY:

The product is manufactured according to GMP (GOOD MANUFACTURING PRACTICE) requirements. The bacteria count is microbiologically tested on a regular basis and is under 100 bacteria per gram.

FIRST AID:

If PHYSIODERM® CUREA accidentally gets into your eyes, rinse immediately with plenty of lukewarm water. If a burning sensation still persists, consult an eye doctor as measure of precaution.

STORAGE INSTRUCTIONS:

PHYSIODERM® CUREA will keep for at least 30 months (from date of manufacture) if stored unopened at room temperature in the original packaging. The Period After Opening (PAO) is indicated on each tube / bottle.

STATUTORY REGULATIONS:

PHYSIODERM® CUREA is subject to the EU Cosmetics Regulation, but not to the German Chemicals Act or the Hazardous Substances Order. Moreover, skin care products are received as part of the Personal Protective Equipment (PPE).

ENVIRONMENT:

All tubes and bottles are made of polyethylene and after being completely emptied, they can be disposed of with other polyethylene waste. The empty packaging should be disposed of in a container specially designed for recycling. Packaging is labelled accordingly.

Using the product in the correct amounts minimizes the environmental impact and saves money.

Moreover, the 1000 ml Collapsible Bottles have been awarded the EU Ecolabel DE/030/115.

COMPOSITION ACCORDING TO INCI*:

AQUA, UREA, GLYCERYL STEARATE, CAPRYLIC/CAPRIC TRIGLYCERIDE, CETEARYL ALCOHOL, GLYCERIN, PANTHENOL, STEARIC ACID, PALMITIC ACID, CETEARYL GLUCOSIDE, GLYCERYL OLEATE, AMORPHOPHALLUS KONJAC ROOT EXTRACT, BISABOLOL, PHENOXYETHANOL, HYDROXYACETOPHENONE, ALLANTOIN, TOCOPHEROL, CHONDRUS CRISPUS POWDER, HELIANTHUS ANNUUS SEED OIL, ASCORBYL PALMITATE, (PARFUM)

* (International Nomenclature Cosmetic Ingredients)
