

Skin Cleansing Liquid Heavy-Duty Hand Cleanser

1 Apply the skin cleansing product without water on your dry hands.

2 Spread it thoroughly and

3 rub in with little water.

4 Continue washing while adding plenty of water. Finally, rinse off well and

5 dry hands thoroughly. Afterwards, use a **skin protection or skin care product**.

Note:

Skin cleansing products have to ensure efficient cleansing without straining occupationally stressed skin additionally. Therefore, an unnecessarily strong skin cleanser should never be used.
